SKILLS

Skills aren't always learned inside the classroom. Nocti Business Solutions offers **Prior Learning Assessments (PLA)** which can serve as a vehicle to validate knowledge and skills acquired outside of the traditional classroom. PLAs can assist non-traditional students in completing college more quickly and with less debt.

Nocti Business Solutions offers 112 technical skill assessments that have been reviewed by the National College Credit Recommendation Service (NCCRS) and recommended for college credit.

COST

\$150.00 Per Assessment

70% Benchmark Score

College Credit Recommendation Varies Based on Assessment

IDEAL CANDIDATES

- **Active military**
- **Displaced workers**
- **Individuals re-entering the workforce**
