What it means to be a Pearson VUE test center

Pearson VUE partners with organizations like yours — schools, training companies, workforce development centers, and corporate campuses — to make exams more accessible to certification seekers everywhere. Test takers from your community will have the option to choose your location when they register for their exams online. Come exam day you'll welcome them in, do a brief security check, and then monitor their progress while they take their computer-based exams.

Unlock the benefits of becoming a Pearson VUE test center

Expand your service offerings
Augment your training program with industry-recognized certifications delivered via a convenient, end-to-end testing solution.

Attract new customers
Increase traffic to your business from test-takers in your community seeking an authorized test center.

Earn more revenue
Generate more sales with exclusive access to discounted exam vouchers, learning products, and promotions.

Boost your marketing
Promote certification programs with social media ads, posters, flyers, and other available marketing resources.

Tools and resources that lead to success

Flexible scheduling
Set your own schedule so you can be open during times that are most convenient for you and testing candidates.

Automated test delivery
Pearson VUE's turnkey test delivery process ensures a reliably smooth experience for you and your test-takers, from start to finish.

Industry-leading security
Both test and candidate security are built into Pearson VUE's software. This means we'll handle the important task of safeguarding candidate information.

24/7 support
Should you need it, Pearson VUE offers 24/7 technical support to assist you with any problems that might arise.

What you'll need:

• A distraction-free location with PC computers and internet access that meet technical requirements.

• An established company with a website that has been active for at least 12 months.

• At least one onsite administrator who will manage testing.

• A security kit that includes digital cameras and a signature pad, available for purchase from Pearson VUE.

Get started today – it's easy!

To apply, visit www.pearsonvue.com/apply and select your country. Then, follow these three simple steps:

1. Review our requirements

Read through the technology, facility, and photo requirements to verify your eligibility.

2. Complete the online application

Click on the 'Apply Now' button to begin the application. Have your contact information, business registration details, and other general information ready.

3. Submit photos of your facility

These will include photos or videos of your building exterior, reception area, and testing room, as well as the layout of your floor-plan.

Be a part of something extraordinary.

Become a Pearson VUE Authorized Test Center today.
